C. Old Business:

- We will continue to drag the field at least once a month to keep the field looking nice and kept.
- Agua Fault repairs look good still working the airstrip. Repairs and estimates continue to be looked at for adding 300 feet to the runway as well as repair for the runway I that is in place.
- Youth outreach program, Andrew will contact young eagles for possible interest in the open house.
- Putting together a plan for three pylon races. What it would look like, and how we are going to possibly set it up and possible interest.

D. New Business:

- We would like to do an Open house on September 27th. So, let's get the word out to everyone in the RC hobby to come out and enjoy the day.
- Apple Valley Airshow is on track, and we are awaiting management from the airshow on what they will allow us to do for this event. Looking to canvas the club of the willingness to participate in a static display or demo at the apple Valley Airshow.
- Flagpole repairs are going well, and we are replacing the Halyard lines with steel cable for longevity, which should be complete in the upcoming weeks.

E. Open Discussion:

- Hangar 9 ultra stick will be held for raffle prize at a planned Christmas party 5.00 a ticket. Chris has the Ticket jar.
- Discussion from Tom Galland about the minutes and issues he saw with them. The treasury report for June was very basic due to lack of info from all parties involved and handover. The July report was detailed on how much we took in and have in the account. He said that no motion was made by him but there was a call to vote or discuss the validity of the meeting in question. The issues have since been resolved and the club will be moving on from any further discussion of the related matter.

F. Adjourned: Motion to adjourn and seconded at 09:41 AM
